Art Unit: 1616

Claim 1 is rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for phenolic, epoxy, polyamide, vinyl resin, acrylic, and alkyd resins does not reasonably provide enablement for any resin. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make the invention commensurate in scope with these claims. On page 11 lines 24-25 and on page 22 line 9 applicants disclose the above cited resins. No others are disclosed, nor is there any recitation of the general term "resin" in the original claims.

No claims allowed.
